

The session „Peer-to-peer learning on replicating and upscaling nature-based solutions for climate adaptation“ is organised as a workshop starting with two presentations by the speakers Janne Parviainen and Stefan Greiving of 15 minutes each, followed by a 30 minutes panel discussion with the following panellists:

- Mindert de Vries (Deltares)
- Stefan Greiving (TU Dortmund University)
- Kaija Jumppanen Andersen (Technical University of Denmark)
- Jana Löhrlin (Erftverband)
- Jaroslav Mysiak (Euro-Mediterranean Center on Climate Change)
- Natascha Ng (Stockholm Environment Institute)
